### Press Release

"Karachi – February 18, 2014: PBA has strongly condemned the attempted attack on ARY Group offices in Karachi, today. These present series of attacks on media which started yesterday with attacks on Aaj Tv and Nawaiwaqt offices are attempts to prevent media from performing its responsibilities. In a statement released in Karachi today, PBA once again demanded that the Federal and Provincial Governments take immediate steps to investigate these incidents and provide security to media. This request for security has been repeatedly voiced however there has been no progress on it so far."
